RAMSA's Georgina Harvey and Adam Lowenthal to Present at BiLT North America

On Thursday, August 9, 2018, at 11:30 AM, RAMSA Associate Georgina Harvey and Design Technology Manager Adam Lowenthal will present "BIM City: Master Planning in Revit" at BiLT North America, held in St. Louis from August 9 - 11. Ms. Harvey and Mr. Lowenthal will introduce participants to Robert A.M. Stern Architects' BIM master planning practice and discuss 3D visualization; the ideal team structure; and model, content, and standards management. Specifically, they will discuss their experience at RAMSA using Revit to model a eight-million-square-foot mixed-use development in Jinjiang, China. BiLT North America is an annual event that caters to the needs of those who design, build, operate, and maintain the built environment.
